

DEBOJYOTI SAHA

Cloud Engineer | Data Engineer | Generative AI Engineer

Bengaluru, India | +91 9007863360 | debojyotisaha26@gmail.com
LinkedIn: linkedin.com/in/debojyoti-saha-968724238

PROFESSIONAL SUMMARY

Associate Software Engineer at Accenture with Banking & Financial Services experience across Cloud Engineering, Data Engineering, DevOps, Testing Automation and Generative AI. Strong expertise in Java and Python, AWS serverless technologies, CI/CD automation, cloud-native architectures, AI-assisted development and enterprise software delivery. Recognized with Team Excellence and Learning Recognition awards while building scalable cloud solutions and AI-driven automation frameworks.

CORE COMPETENCIES

Languages: Java, Python

Cloud: AWS Lambda, AWS Glue, Amazon S3, Amazon ECS, Serverless Computing

DevOps: Jenkins, Spinnaker, Bitbucket, Git, CI/CD Pipelines

Testing: Cucumber, Unit Testing, Component Testing, Acceptance Testing, E2E Testing, TestSight

AI: Generative AI, AI Agents, Prompt Engineering, GitHub Copilot

Data Engineering: ETL, Data Pipelines, Database Migration, Event-Driven Processing

PROFESSIONAL EXPERIENCE

Accenture | Associate Software Engineer | Dec 2024 – Present

- Develop enterprise applications for a leading global banking institution within the Consumer & Community Banking domain.
- Built and maintained cloud-native solutions using AWS Lambda, AWS Glue, Amazon S3 and Amazon ECS.
- Designed and implemented AWS Lambda functions from scratch for enterprise business workflows.
- Supported 15+ Lambda functions and 5 AWS Glue jobs across Development and UAT environments.
- Worked extensively with Jenkins, Spinnaker, Bitbucket and Git-based CI/CD pipelines.
- Migrated Lambda and Glue workloads from MySQL-compatible implementations to PostgreSQL-compatible architectures.
- Designed and developed a custom AI Agent reducing migration effort from approximately 2 days to nearly 1 hour.
- Enabled migration and operations generation across 20+ technology combinations.
- Performed Photon and Python runtime upgrades across 20+ repositories.
- Increased code coverage beyond 80% through unit, component, acceptance and end-to-end testing.
- Executed Cucumber automation testing across 10+ repositories.
- Leveraged GitHub Copilot and prompt engineering techniques to improve productivity and delivery efficiency.
- Contributing to Agent Nova, an R&D; initiative focused on requirement-to-deployment automation using agentic AI.

KEY PROJECTS

Custom AI Migration Agent

Developed an AI-powered migration framework supporting Spring Boot, AWS Lambda, ECS and Glue workloads. Automated migration and operations generation across 20+ technology combinations while reducing effort from ~2 days to ~1 hour.

Agent Nova (Research & Development)

Contributing to a next-generation requirement-to-deployment automation platform leveraging Generative AI and agentic workflows.

Event-Driven Data Processing Platform

Contributed to a high-performance event-driven cloud-native solution integrating automation tooling and Generative AI capabilities.

ACHIEVEMENTS & RECOGNITION

- Team Excellence Award (January 2026) for contributions to a high-performance event-driven data processing solution.
- Accenture Learning & Certification Recognition for successful completion of advanced Google Cloud certifications.
- Earned 9 industry certifications across Google Cloud, AWS and Databricks.

CERTIFICATIONS

- Google Cloud Professional Cloud DevOps Engineer
- Google Cloud Professional Cloud Database Engineer
- Google Cloud Associate Cloud Engineer
- Google Cloud Associate Data Practitioner
- Google Cloud Generative AI Leader
- Google Cloud Digital Leader
- Databricks Generative AI Engineer Associate
- Databricks Data Engineer Associate
- AWS Certified AI Practitioner

LEADERSHIP & ACTIVITIES

- General Secretary, Estrella Productions (Official Film Club of FIEM)
- Lead Organizer, Celluloid International Film Festival

EDUCATION

B.Tech, Computer Science & Engineering | Future Institute of Engineering & Management | 2024 | CGPA: 9.3+
ISC: 83.33% | ICSE: 92%
